Dear Congressman Fitzpatrick, Congressman Higgins, Congresswoman Kiggans, and Congressman Thompson:

On behalf of the 57 undersigned organizations representing the Nursing Community Coalition (NCC), we thank you for introducing H.R.5080, the Nurse Corps Tax Parity Act of 2023. The NCC is a cross section of education, practice, research, and regulation within the nursing profession, representing Registered Nurses (RNs), Advanced Practice Registered Nurses (APRNs),¹ nurse leaders, boards of nursing, students, faculty, and researchers. Together, we support this bipartisan effort to create parity in federal programs and support those current and future nurses who receive Nurse Corps funding.

Nurse Corps Loan Repayment and Scholarships are one of the invaluable resources under Title VIII Nursing Workforce Development Programs that helps ensure nursing students and nurses enter practice where health care is needed the most. This includes health care facilities that have a critical shortage of nurses, which, most often, are located in health professional shortage areas and medically underserved regions. Unlike other programs, such as the National Health Service Corps (NHSC), the Nurse Corps is subject to federal taxes. H.R.5080 would change this and aims for parity among these vital federal programs.

The NCC appreciates the introduction of H.R.5080 the Nurse Corps Tax Parity Act of 2023 and we look forward to working with you to advance this effort in the 118th Congress. If our organizations can be of any assistance, or if you have any questions, please contact the Nursing

¹ APRNs include certified nurse-midwives (CNMs), certified registered nurse anesthetists (CRNAs), clinical nurse specialists (CNSs) and nurse practitioners (NPs).
